The images published in this issue of the *Who's Who in Photography* are from PSA members who ranked high in the Top Exhibitors boxes in 2022. The members were invited to submit images and some of the photos were chosen for publication.

Who's Who

IN PHOTOGRAPHY 2022

Volume 15, No. 15 • October 2023

The entry information in this Journal was historically based on the number of acceptances a PSA-member photographer had gained during a competition year in international exhibitions, then called 'salons.' Entry in the *Who's Who in Photography* issue was recognition of photographic excellence. During the years since its creation, Who's Who has been modified to reflect the times, but has continued to be one of the Honors that PSA bestows on our outstanding members who participate in PSA-recognized exhibitions.

Just 10 years ago, the number of exhibitions recognized by PSA was 389. In 2022, that number grew to 562. Because of the growth of competition possibilities due to the flourishing of PSA-recognized salons across the world, and the development of technology, the number of excellent photographers has increased exponentially. The consequence of this is a dramatic increase in the amount of data that must be massaged and edited for each issue of Who's Who. This process involves many volunteers for a long period of time, who are tasked with assuring the final data is accurate. As a result, the Who's Who is returning to a special way to honor our members, and will no longer include information from non-member exhibitors.

One development over the years was alteration of the method of calculating the final results for the magazine. This alteration added a requirement of a certain number of ‘judgings’ to be part of the final results. This change removed the ‘pure’ aspect of a photographer’s score. The member with the highest scores/acceptances did not necessarily gain inclusion in the ‘Top’ echelon in each division, and this skewed the representation of pure photographic excellence. To reflect the original intent of the Who’s Who function, this system has now been returned to its original pure calculation by number of acceptances/scores for photographic merit.

Another change was the inclusion of credit granted for judging and chairing exhibitions. Although those credits will always be available for the PSA star paths, they also do not correctly portray photographic excellence, only excellence in judging or volunteering. These acceptances will no longer be included in the Who’s Who calculations.

There are six PSA Divisions: Projected Image Division (PID), Nature Division (ND), Photojournalism Division (PJD), Photo Travel Division (PTD), Pictorial Print Division (PPD) and 3D Division (3DD). Divisions identify the top member exhibitors worldwide on an annual basis, through the publication of a Who’s Who listing in a special edition of the *PSA Journal*. This listing includes all PSA-member photographers who achieved an established level of success by participating in PSA-recognized exhibitions.

To be included in the Who’s Who, entrants must receive a minimum of 5% of the total possible acceptances in each division’s section. If the minimum number is four or less, the added requirement is acceptances in two or more judgings. Any section with 20 or fewer judgings must meet this requirement. This minimum number is listed in each division’s section.

Who’s Who in Photography 2022 is PSA’s annual record of exhibitors in all divisions who have met the minimum number of acceptances in PSA-recognized exhibitions in 2022. Exhibitors are listed alphabetically in each section, along with their number of acceptances and number of judgings.

The “Top Exhibitor” boxes in each division list those individuals who achieved the highest scores throughout the year. All PSA members who are among the top ten (10) in the Top Exhibitor box of each Division’s section listings will now receive a digital (printable) Certificate of Merit listing their achievement. Physical certificates will no longer be mailed to recipients.

Every effort has been made to record accurate information in this year’s *Who’s Who in Photography*; however, we are dependent on the timeliness and accuracy of the exhibitions’ results forwarded to PSA on their EDAS reports. Those exhibitions are, in turn, dependent on the consistency in which you, the entrant, enter your name and country. It is essential that the entrant use the EXACT same name designation every time an exhibition is entered. Name and country designation variations from one exhibition’s data to another prevents merging of acceptance results, increasing possibility of error or omission. There are many examples of this problem in the database each year. Only English/Latin characters may be used in names and image titles.

Catalog errors should be reported immediately to the Who’s Who Chairman and appropriate Star Ratings Directors (listed on the website.) These corrections must be confirmed by the exhibition. All of us in PSA Exhibition Services, Exhibition Standards Directors, Who’s Who Directors, and Star Ratings Directors, are thankful to those exhibitions that took advantage of the instructions on the PSA website in submitting both catalogs and Exhibition Data Acceptances Spreadsheets (EDAS). We are aware that it has not been easy for some to understand these instructions but appreciate the efforts of those who have worked with us in resolving a number of issues.

–Melissa Cramer Sonnen, *Who’s Who in Photography* Chairman, LonelyTimeTraveler@gmail.com

The Photographic Society of America (PSA) is a worldwide organization providing a wide range of services that promote photography and benefits to its members. Individual members can participate in competitions, study groups and online education programs designed to advance their photographic knowledge and skills. Competitions are held for clubs, councils, federations and chapters, also. Member image galleries are always available for viewing. An annual youth photography showcase, open to all students of high school age, is conducted as well. Opportunities for image analysis and critique as well as discounts for both hardware and software products are available for all members. In addition to special access to a Members Only area on this dynamic and informative website, every member receives the high-quality *PSA Journal* each month.

There were 610 recognized exhibitions and circuits, consisting of 2308 judgings and resulting in a total of 9232 (2308 X 4) possible acceptances. This listing consists of exhibitors with 150 or more acceptances, which is 5% of the total possible acceptances, rounded down (461), or 150 whichever is less. There are 366 records in this “Who’s Who” list. The Top Exhibitors Box lists the 25 exhibitors with the greatest number of acceptances.

Join PSA and Turn Your Acceptances into Distinctions

PSA members have the opportunity to use their acceptances to apply for PSA Stars and Recognition of Photographic Achievement (ROPA). ROPA Distinctions include Qualified (QPSA), Proficiency (PPSA), Excellence (EPSA), Master (MPSA) and Grand Master (GMPSA). All exhibitors, who have acceptances in PSA-recognized exhibitions and meet the minimum standards of each division for inclusion, will be listed in the PSA's Who's Who in Photography publication—the only such listing in the world for over the past 50 years. Join PSA at <https://psa-photo.org/>

There were 3 recognized exhibitions consisting of 4 judgments, resulting in a total of 16 (4 X 4) possible acceptances. The criteria for being listed here is to have 1 or more acceptances, which is 5% of the total possible acceptances, rounded up. However, because the total possible acceptances are less than 20, the requirement for acceptance in at least 2 judgments is added. The Top Exhibitors box lists 9 exhibitors with 4 or more acceptances in at least 2 judgments.

Editorial Awards

Compiled by Ajay Kapoor, QPSA

The PSA Editorial Awards program was established in 1957 for the express purpose of recognizing those members in the Society who contribute articles and photographs for publication in the *PSA Journal*. The basic procedures established at the beginning of the program have basically remained unchanged. To qualify for Who's Who, a member must have earned at least twenty points during the calendar year. Points awarded range from two for a news item to twenty for a feature article for more than one page and are recorded and maintained by the Chairman. Contact **Ajay Kapoor** at editorial-stars@psa-photo.org for more information.

Congratulations to everyone listed in the annual PSA's *Who's Who in Photography*. Now put those hard-earned acceptances to use. PSA members can accrue their acceptances towards the various star ratings offered by the PSA Divisions. Stars lead to Recognition of Photographic Achievement (QPSA, PPSA, EPSA, MPSA, etc.) Not a member, then why not join? You can take any acceptances you earned in prior years by taking advantage of the PSA's Member Stars Buy Back program for as far back as 10 years. Visit <https://psa-photo.org/index.php?new-member-stars-buy-back> for more information.

The number of Exhibitions recognized by PSA continues to grow, providing you more opportunities for acceptances. This growth also makes providing you with this *Who's Who in Photography* a herculean task by dedicated PSA members who volunteer to compile this information. Please do your part by double checking your entries when you submit them and being consistent in how you provide your names to the exhibitions. Your help will go a long way toward helping our volunteers minimize errors in this list.
